ARUBA CARIBBEAN HOTEL TA ENFRENTA SCHLITZ

Pa 7:30 awe nochí, Aruba Caribbean Hotel lo enfrenta Schlitz den un wegá di beisbol na Sport Park.

ALL HDS SITE IS NOW OPERATING AREA

Effective today, the HDS units on the re-claimed land are considered an operating area and all blanket smoking and work permits in non-operating units are cancelled. Smoking will be permitted in designated areas only. Specific work permits will now be required for all cold or hot permit jobs in any unit.

SECOND SULFUR PLANT IN OPERATION

Acid gas (H_2S) was introduced into the S2AR unit yesterday, approximately at noon, and shortly after 1 p.m., the unit was producing on-specification sulfur at the rate of 112 LT/D (long tons per day). The unit was again brought up under direction of process foreman Ivan Mendes, assisted by Charlie Thomas (ERE), Francisco Kock (Lago), TOA and Lago Process personnel.

Congratulations to all!

CONSTRUCTION ACTIVITY CONTINUES AT NO. 9 AND 10 PIPESTILLS

Construction of facilities for the project "Fractionation Improvement 9 & 10 Pipestills" is in full swing. The project involves new furnaces, pumps, exchangers, piping and instrumentation. Currently all possible preliminary work is being carried out in preparation for shut-down of the two units - No. 9 will be down during the month of August, and No. 10 during September.

BOILER NO. 11 SHUT DOWN

The No. 11 Boiler at No. 1 Powerhouse has been shut down for several days for repairs.

ARUBA CARIBBEAN HOTEL FACES SCHLITZ
